*Apparent winner's cards are checked and if there are errors that report a LOWER score, the member is disqualified for the event.)*

**FROM THE PRESIDENT'S  
DESK**

**By Larry Prill** President, AGO

I was sick and missed my first AGO tournament in over five years. I always have a good time so I look forward to next month's event at the Plantation, in Leesburg. We'll be playing the Cranes Roost Course. Nice layout, much easier than Twin Rivers. But was Twin Rivers that tough? Only 10 players scored in the red. You might asked yourself this question, when was the last time I had a golf lesson. It's not a bad idea to find out some of the bad habits your doing and how you might correct them. Before you go out and spend some of your hard earned money on new golf clubs, consider taking a lesson instead. The clubs don't get the ball going straight; it's the person holding it. Every course has a teaching pro and with the economy being so slow you could probably get a pretty good deal. Let's face it; golf is a hard sport to play and a game we'll never master. But its sure enjoyable hitting the ball and having it go were you aimed it.

A suggestion concerning entering each AGO tournament, for whatever reason, if you want to play at any event and you couldn't get your entry in on time or you did enter but didn't see your name on the pairings sheet posted on our website, or if you're not sure whether your signed up or not, just come out anyway. Show up and we'll get you in. Sometimes we slip up and miss entering a player but if you want to play, show up at the course. We'll straighten it out once your there.

Many of you are doing a great job recruiting new members. I'll be giving out four more \$25 cash cards at our next tournament. This promotion runs through the end of this June. So keep inviting guests and talk up AGO. It's a good deal for anyone who is competitive and loves golf. Can't beat it.

Look forward in playing at the Plantation, Leesburg. See you then and thanks for your support.

Update: Since I wrote the above concerning high scores at Twin Rivers my attitude has changed concerning taking lessons. My wife and I played Twin Rivers last week and I didn't do much better than many of you. (Gross 90 and I do mean gross) Forget what I said about the lessons and just drink beer while playing. More enjoyable and who cares if you loose a few balls.

Your drive comes to rest in the middle of the fairway, and a dog runs out to your ball, and picks the ball up in its mouth, and takes your ball off the course. Here is the rule that applies.

**Rule 18. Ball at Rest Moved**

**Definitions**

All defined terms are in *italics* and are listed alphabetically in the Definitions section.

**18-1. By Outside Agency**

If a ball at rest is *moved* by an *outside agency*, there is no penalty and the ball must be replaced.

Note: It is a question of fact whether a ball has been *moved* by an *outside agency*. In order to apply this Rule, it must be known or virtually certain that an *outside agency* has *moved* the ball. In the absence of such knowledge or certainty, the player must play the ball as it lies or, if the ball is not found, proceed under Rule **27-1**.

Slow play is no fun. Play ready golf. Do the little things to keep it moving. Thanks!
